Forecast for Wednesday 14 Apr 2021

Weather: Clear spells overnight will allow mist and fog patches to form in valleys towards dawn. These will be fairly short-lived through the morning with variable amounts of cloud but also some lengthy spells of sunshine. There is a small chance of an isolated shower, most likely late afternoon.

Chance of cloud free mountain/hill tops above 600m: 95%

Visibility: Generally excellent through the day with some good views of distant hills, but some reductions likely during any showers and also early morning mist or fog patches in valleys.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

Though often bright and sunny, it will remain a cool feeling day, with warm layers recommended. Moderate UV expected however, so some sun protection also recommended.

Recent rainfall: measured at Cat & Fiddle: altitude 511m
